

SEMAC VII Schedule *(subject to revision)*

Friday, October 16, 2015

MORNING SESSIONS

Chairperson: Rob Woods

Time	Session Title	Session Description	Speaker(s)	Location
7:30 – 8:30	Registration and Continental Breakfast			Conference Foyer / Centre Room
8:00	Welcome Remarks		Rob Woods	Conference Foyer / Centre Room
	Genius / Social Media Squad		Quinten Paterson	
8:15	Keynote Address: “Top 10 things not to miss in Emergency Orthopedics”	<i>Participants will be able to recognize common scenarios in Emergency Orthopedics where optimal patient care can be missed.</i>	Matt DiStefano	Centre Room
9:15	Relocation Break			
9:20	Interactive Sessions – Case Discussions			
	A - Procedural: “Upper Extremity Splints” (Limit of 12 participants per session)	<i>Participants will recognize the indication for and get hands-on practice with upper extremity splints and casts (ulnar gutter, volar slab, distal radius, scaphoid).</i>	Matt DiStefano, Paul LaBelle, Mike Kapusta, Roger Bristol	East Room
	B - Interpretive: “Blood Gas Interpretation”	<i>Participants will compare and contrast arterial and venous blood gases, review common ED based blood gas scenarios, and practice interpreting their results to guide optimal patient care.</i>	Marilyn Innes	Centre Room

	C - Interactive: Case Based – “How Will You Transport This Patient?”	<i>Participants will review simulated scenarios of critically ill patients presenting to rural and regional SK, and compare/contrast the different methods of transport to tertiary care centres based on patient care priorities.</i>	Kish Lyster	West Room
	D - Simulation: “STARS Bus” (Limit of 8 participants per session)	<i>Participants will work in teams in a high fidelity simulation environment to care for patients with traumatic injuries; specifically burns and motor vehicle collisions.</i>	Matt Hogan, Aris Scott	Spadina Crescent – metered parking in front of hotel
	E – “Sepsis cases”	<i>Participants will review cases of patients with severe infections, review recent evidence in sepsis care, prioritize the therapies that make a difference in the rural and regional setting, and decide which patients need transfer to tertiary care.</i>	Segun Oyedokun	South Room
10:05	Nutrition Break / Exhibits			Conference Foyer
10:20	Interactive Sessions - Case Discussions	Repeat of 9:20 Sessions		
11:05	Relocation Break			
11:10	Plenary – Advances in CPR	<i>Participants will be able to compare novel approaches (and the related scientific evidence of novel cardiac arrest care) to current ACLS guidelines.</i>	Tim Hillier, Stu Netherton	Centre Room
12:00	Lunch – “Career Dialogues” (supported by SaskDocs)	<i>Medical students will learn about varied career paths in Emergency Medicine.</i>	Mike Kapusta, James Stempien, Marilyn Innes	Starlight Room

Revised October 13, 2015

****By invitation only**

**Buffet Lunch for general
conference delegates**

**Conference Foyer
(food service) /
Centre Room
(dining area)**

Friday, October 16, 2015

AFTERNOON SESSIONS

Time	Session Title	Session Description	Speaker(s)	Location
1:00	Plenary – “Clinical Pathologic Cases” (3 Cases)	<i>3 Residents will present challenging diagnostic cases to three different attending physicians. The Resident will present their case for 5 minutes; the Attending Physician will have 10 minutes to describe their approach to the case and the top items on their Differential Diagnosis. The Resident will then have 5 minutes to reveal the answer. At the conclusion, the audience will select the top Diagnostician.</i>	Marilyn Innes, Reid McGonigle, Kish Lyster	Centre Room
2:00	Relocation Break			
2:05	Interactive Sessions – Case Discussions			
	A - Procedural: Chest Tube Insertion (Limit of 12 participants per session)	<i>Participants will practice inserting chest tubes on task trainers.</i>	Vern Behl, Paul LaBelle, Roger Bristol	East Room
	B - Interpretive: “Ortho X-Rays”	<i>Participants will be able to recognize commonly missed injuries on Orthopedic x-rays.</i>	Matt DiStefano	West Room

	C- Interactive: Procedural Sedation	<i>Participants will be able to select appropriate patients, equipment and medications for safe procedural sedation.</i>	James Stempien	Centre Room
	D - Simulation: “STARS Bus” (Limit of 8 participants per session)	<i>Participants will work in teams in a high fidelity simulation environment to care for patients with traumatic injuries; specifically burns and motor vehicle collisions.</i>	Matt Hogan, Aris Scott	Spadina Crescent – metered parking in front of hotel
	E - Toxicology Potpourri	<i>Participants will practice their diagnostic and management skills on a variety of toxicology cases.</i>	Nadim Lalani	South Room
2:50	Nutrition Break			Conference Foyer
3:05	Interactive Sessions	Repeat of 2:05 Sessions		
3:50	Relocation Break			
4:00	Plenary – “Pediatric Asthma”	<i>Participants will apply the Saskatoon Pediatric Asthma Care pathway to clinical cases, determining optimal therapy and disposition for their patients</i>	Rob Woods	Centre Room
5:00	Radford Cup	<i>Participants will actively engage in an informal competition among students and Residents discussing a variety of emergency medicine topics.</i>	Lynsey Martin – host	Centre Room
5:30	Adjournment			

Saturday, October 17, 2015

MORNING SESSIONS

Chairperson: Rob Woods

Time	Session Title	Session Description	Speaker(s)	Location
7:00	Fitness with Floyd	<i>An exhilarating thirty-minute cross-training exercise session tailored to all levels of physical fitness. Get your heart beating and muscles pumping in the brisk fall temperatures of beautiful Saskatchewan. Please bring running shoes and clothing appropriate for outdoor exercise in Saskatchewan fall weather (which usually means pants and a jacket +/- toque and gloves).</i>	Floyd Besserer	Outside (Meet in Hotel Lobby)
7:30 – 8:30	Continental Breakfast			Conference Foyer / Centre Room
8:00	Keynote Address: “Cases From The Rural Manitoba Trenches”	<i>Participants will review cases in the rural and regional ED where point of care ultrasound can make a difference.</i>	David Kirschner	Centre Room
9:00	Plenary – “Cases From The Trenches” (STARS Transport Case)	<i>Participants will review challenging cases from the Emergency Department.</i>	Floyd Besserer	Centre Room
10:00	Conference Closing Remarks		Rob Woods	Centre Room
10:20	Nutrition Break			Conference Foyer
10:35	Interactive Sessions – Case Discussions			

	A - Procedural: “Airway Management” – (Limit of 12 participants per session)	<i>Participants will work in teams through 3 airway scenarios and practice definitive airway management.</i>	Segun Oyedokun, Kish Lyster, Nadim Lalani	East Room
	B - Interpretive: “ECG Interpretations”	<i>Participants will interpret 10 subtle but important ECGs not to overlook in the Emergency Department.</i>	Rob Woods	South Room
	C - Interactive: Case Based – “Mass Casualty Incidents”	<i>Through simulated scenarios in small groups, participants will discuss approaches to the management of mass casualty incidents, using their own health region as the location of the incident.</i>	Floyd Besserer	Top of the Inn
	D - Simulation: STARS Bus – (Limit of 8 participants per session)	<i>Participants will work in teams in a high fidelity simulation environment to care for patients with traumatic injuries; specifically burns and motor vehicle collisions.</i>	Matt Hogan, Aris Scott	Spadina Crescent – metered parking in front of hotel
	E - Case Based: “Does This Child Need Antibiotics?”	<i>Participants will be able to apply guidelines for management of common pediatric infections to determine which patients need antibiotics (ahem...not very many) and those which do not (ahem...most of them).</i>	Angela Jones	Centre Room
11:15	Relocation Break			
11:20	Interactive Sessions	Repeat of 10:35 Sessions		
12:00	Conference Conclusion
