

March 26 & 27, 2021 | Virtual

SK Emergency Medicine Annual Conference

Target Audience

Family Physicians (rural, remote & urban), Specialist Physicians, nurse practitioners, paramedics and residents. All other health care professionals are encouraged to attend.

Conference Learning Objectives

- appreciate a unique combination of topics aimed at the front-line emergency physician including palliative care pearls, addiction medicine update and improving communication
- improve confidence with key clinical topics that often scare emergency physicians including cricothyroidotomy and obstetrical emergencies
- explain updates on the current pandemic including our current modelling knowledge and the experience of a front-line ER physician who has had COVID-19
- describe importance of physician wellness during these trying times and what to do if we need support
