CME Strategic Priorities

Quality Education
To be a provincial leader in continuing professional development. CME designs and delivers programming that successfully promotes educational strategies and methods to improve physician competence and performance. Our objective is to improve the health of patients and their communities.

Social Accountability
As a reflection of our commitment to respond to the Calls to Action in the Truth and Reconciliation Report. To address the continued challenges of equity and equality of all communities served by the health care system.

Operations
A strong organizational plan is required to support the achievement of the CME's purpose and allow for achievement of measurable goals within the strategic plan.

Learner Environment
A modern learning environment is recognized as an important factor required of successful, competitive Continuing Professional Development (CPD) providers to deliver transformative educational experiences.
