

Cardiology Update 2024

Saturday, May 4, 2024

8:30 am - 4:45 pm

Delta Bessborough

Saskatoon, SK

The Division of Cardiology at the Royal University Hospital will offer updates on common cardiology topics to improve clinicians' knowledge through presentations, interactive case-based discussions, and question-and-answer sessions.

Target Audience:

Family physicians, general practitioners, nurse practitioners, internal medicine specialists, residents and medical students.

Learning Objectives:

At the end of this conference, participants will be able to:

- Incorporate the latest developments in the management of ACS
- Choose appropriate management strategies for Atrial Fibrillation
- Apply evidence-based strategies for managing patients with heart failure
- Comprehend how to investigate and manage patients with difficult-to-treat hypertension
- Identify a practical approach to palpitations and the patient with high burden PVCs
- Update on the current status of percutaneous cardiac interventions in Saskatchewan

Additional Accredited Learning:

ECG Interactive Workshop | Friday, May 3, 2024 | 6:00 - 9:45 pm

**limited spaces available*

At the end of this workshop, participants will be able to:

- Review common ECGs, in a small group setting, one on one with a cardiologist
- Identify diagnostic criteria for common cardiac conditions such as STEMI, chamber enlargement, heart blocks, arrhythmia and basic pacemaker function
