Mainpro+ Certified Evaluation Requirements:

- An evaluation of the effectiveness of all elements of the learning/assessment activity (format, design, facilitators, relevance, etc.), including facilitation and delivery of the activity/assessment

- What extent the instructors/facilitators/coaches were able to provide a safe, accessible, and productive learning environment in which to explore and advance knowledge and skills

- An assessment of self-reported learning or change in what participants know or know how to do after completing the CPD program

- An evaluation of participants' confidence in achieving/implementing program learning objectives

- An evaluation of potential biases within the program.

- The ability to collect non-identifiable demographic data where learners can self-identify if they belong to a systemically marginalized and/or under-represented identity group

- Participants must have an opportunity to provide feedback on how well the activity addressed and incorporated concepts of EDI with respect to the program content

  (If you include all of the above + question on CanMEDS roles - will meet requirements for both Mainpro+ and MOC Section 1/MOC Section 3 SAP)

Mainpro+ Certified Assessment Evaluation Requirements:

Above plus:

- Must also include an objective measurement of change in competence and/or clinical performance for learners
