

November 26 & 27, 2021 | Virtual Pain & Therapeutics 2021 Annual Conference

Target Audience

Family physicians, specialist physicians, nurses, nurse practitioners, mental health professionals, pharmacists, physiotherapists, residents, researchers, health sciences students, and other health care professionals. All other health care professionals are encouraged to attend.

Conference Learning Objectives

- Describe pharmacological and non-pharmacological treatment options for the management of chronic pain including identifying coverage for commonly prescribed medications and describing the safe taper of medication.
- Examine culturally safe and trauma-informed pain care through an Indigenous lens
- Explain the management of patients with a dual diagnosis of addiction and chronic pain

Additional Workshop:

Ten-Minute CBT

November 28, 2021 - 9:00 am - 12:30 pm

Offered by CBT Canada. Medical CBT is specifically designed for the ultra-brief appointments typical of primary care. In this three-credits-per-hour workshop you'll learn many practical & efficient tools that may fundamentally change how you deal with the often-frustrating psychological side of medical practice.
