

Practical Approaches to Syphilis

Thursday, April 11, 2024

11:00am-12:30pm
 Delivered Over Zoom

Target Audience:

Family physicians, specialist physicians (including neo-natal, emergency, dermatology, ophthalmology, optometry), medical residents, nurse practitioners, registered nurses, pharmacists, and dentists.

- All other healthcare professionals are encouraged to attend.

Learning Objectives:

By the end of this session, learners will be able to:

- Locate and make use of Provincial and National syphilis care resources.
- Define the roles of testing providers and Public Health teams.
- Identify and distinguish between primary and secondary syphilis symptoms.
- Interpret syphilis test results including last negative, treatment day, and post serological results.
- Apply syphilis treatment strategies including ordering, administering and documenting.

Co-Presenters:

Janice Seebach RN, BScN

Provincial STBBI Coordinator, Saskatchewan Health Authority

Caroline Bailey RN, BScN

Sexual/Street Health, Public Health, Saskatchewan Health Authority

This presentation will be recorded and sent to all registered participants.

This presentation has received funding from the Saskatchewan Ministry of Health in the form of an unrestricted educational grant.

NO COST TO ATTEND!
