*\*psychiatrists and residents only*

APRIL 27, 2024 | 69th ANNUAL CONFERENCE | AM

## Target Audience:

Psychiatrists, Psychiatry Residents, and other health care professionals are encouraged to attend.

### Cancer and Severe Mental Illness: Navigating the Syndemic Challenges

**Presenter:** Oyedeji Ayonrinde, MD, FRCPsych, MBA

By the end of this session, learners will be able to:

- Identify specific challenges or limitations to equitable cancer care for people with severe mental illness
- Recognize ethical challenges associated with the elimination of barriers
- Critically review psychiatric aspects of oncology guidelines for common cancers

### Mind and Mood: Cognitive Dysfunction in Depressive and Bipolar Disorders

**Presenter:** Trisha Chakrabarty, MD, FRCPC

By the end of this session, learners will be able to:

- Describe the nature and magnitude of cognitive deficits in mood disorders (major depressive and bipolar disorders)
- Describe the functional implications of cognitive deficits in mood disorders as well as the prevalence of cognitive impairment in mood disorders
- List emerging and established treatments for cognitive dysfunction in mood disorders

### Positive Psychiatry: Building Resiliency through a Strengths-Based Approach

**Presenter:** Hygiea Casiano, MD, FRCPC

By the end of this session, learners will be able to:

- Define positive psychiatry
- Appreciate the drawbacks in embracing a medical, disease-based model of care
- Learn some psychotherapeutic techniques to identify strengths in patients and ourselves that can help guide our practice to a holistic model of care
