

SEMAC XI 2019

— SASKATCHEWAN EMERGENCY MEDICINE ANNUAL CONFERENCE 2019 —

Saturday, November 30

Health Sciences Building, USask | Saskatoon, SK

Topics: opioid crisis, geriatric emergency medicine, and rheumatology.

As well as, delivering a one of a kind interactive **medical escape room!**

Target Audience: Family Physicians (rural & remote and urban), Specialist Physicians, nurse practitioners, paramedics and residents. All other health care professionals are encouraged to attend.

Conference Learning Objectives—Those attending SEMAC XI will be able to:

- assess and manage injuries and medical conditions commonly seen in emergency medicine
- improve commonly used skills that will help in daily practice in the emergency department
- review the diagnosis and relate the appropriate management of select acute conditions
- discuss and apply new recommendations and guidelines in the practice of emergency medicine
- locate appropriate resources for additional learning

SEMAC XI will demonstrate innovative ways to advance commonly used skills in the emergency department that will improve daily practice, as well as interactive sessions assessing and managing injuries and medical conditions commonly seen in emergency medicine. **The focus will be to promote evidence based practice as it relates universally to rural & remote medical clinics and urban centres.**
