

## Sherry Joa-Biography

I graduated from the Diploma of Nursing Program with Saskatchewan Institute of Applied Science and Technology working in acute care settings such as hemodialysis, medicine, and urology. I later went on to complete my degree in Nursing from the University of Saskatchewan with great distinction and worked for 22 years in Public Health in both the community and as a Campus Health Nurse at Saskatchewan Polytechnic in Regina. In 2021 I finished my Masters in Adult Education and Community Development through the University of Regina.

I have been with the College of Registered Nurses of Saskatchewan working as a Nursing Advisor in Regulatory Services since 2019. Under my specific portfolio with the CRNS is reviewing and consulting with the Registrar applications from Nurse Practitioners applying for OUD prescribing privileges.
