

Presenter: Amy Wiebe, BSP, MBA, ACPR

Presentation Title: **Preventing Harms with a Prescription Pad**

Bio

Amy divides her time as a Clinical Pharmacist with the USask Chronic Pain Clinic (formerly MAC iOPS) and as a Program Consultant with the Continuing Professional Development for Pharmacy Professionals. She obtained her Bachelor of Science in Pharmacy (BSP) then followed this with completion of a hospital pharmacy residency and a Master of Business Administration. Prior to her most recent experience in primary care, Amy primarily practiced in hospital-based settings, developing interest and experience in the areas of supporting people living with substance use disorders, as well as acute and chronic pain. With a passion for ensuring patient safety along with quality pharmacy care, Amy also sits as the President Elect for the province's licensing and regulatory body for pharmacy professionals.
