

Understanding HIV and TB: Interactions, Challenges, and Solutions

Thursday, November 21, 2024
11:00am - 12:30pm (CST)
 Delivered Over Zoom

Target Audience:

Family physicians, specialist physicians, medical residents, nurse practitioners, and registered nurses. All other healthcare professionals are encouraged to attend.

Learning Objectives:

At the end of this activity, participants will be able to:

- Evaluate the latest pediatric and adult TB treatment protocols.
- Discuss TB diagnostic techniques in pediatric and adult clinical simulations.
- Design preventive TB strategies using multidisciplinary insights and best practices.
- Explain the differences in TB diagnosis and treatment between HIV-positive and HIV-negative patients.
- Integrate management strategies for HIV and TB co-infection, focusing on treatment interactions and patient outcomes.

Co-Presenters:

Mahli Brindamour MD, FRCPC
 General Pediatrician
 Assistant Professor, University of Saskatchewan

Ryan Meili MD, CCFP
 Family Physician, Westside Community Clinic, Saskatoon
 TB Consultant, Tuberculosis Control and Prevention Saskatchewan

New! Learners are invited to submit questions for the presenters during registration, which may be addressed during the Q&A portion of the live event.

This presentation will be recorded and sent to all registered participants.

This presentation has received funding from the Saskatchewan Ministry of Health in the form of an unrestricted educational grant.

NO COST TO ATTEND!
